

Student Learning Objective (SLO):

*What Happens if the **SLO Goal Setting** and/or **SLO Goal Accomplishment** are not complete?*

The **SLO Goal Setting** and **SLO Goal Accomplishment** must be *completed and scored* for the SLO component to appear on the TEI Scorecard.

STEPS To complete the SLO COMPONENTS

- FALL: Teacher submits SLO GOAL SETTING to primary evaluator
Evaluator APPROVES and SUBMITS SCORE for SLO GOAL SETTING
- SPRING: Teacher submits SLO GOAL ACCOMPLISHMENT to primary evaluator
Primary Evaluator APPROVES, SCORES, then SUBMITS for SLO GOAL ACCOMPLISHMENT

Please Note: If one or both SLO components are not completed with a score assigned, the SLO component will be greyed out on the Scorecard. The Teacher will NOT receive a partial score or a zero. The SLO component within the Student Achievement component collapses and the Teacher Performance component expands. *(See example below)*
