**Sign this oath before handling any student survey materials**

The following instructions apply to the administration of the Student Experience survey:

- a. All surveys must be administered according to administration protocols
- b. Surveys are distributed to students in sealed envelopes (with the exception of large-print surveys)
- c. Survey questions are not discussed with students
- d. Teachers who wish to administer the student survey for their own use must do so before October 31 each school year and these results may *not* be discussed with students
- e. No person may change any student response, add any student response, tell a student to change or add a response he or she has made, or prompt a response
- f. No person may ask students how they plan to respond or did respond to survey questions before, during, or after survey administration
- g. Failure to report an irregularity or violation of integrity is itself an irregularity

**Failure to comply with this oath may result in disciplinary action.**
