

The Teacher Excellence Initiative is proud to announce the 2019-2020 DTR Ambassador cohort. DTR Ambassadors provide peer-to-peer support to DTR-eligible teachers. While working with a DTR Ambassador does not guarantee DTR-eligible teachers points on the DTR Rubric, it is our hope that it will increase collaboration across the district and encourage teachers to share their strategies and impact with their peers.

DTR Ambassadors support DTR-Eligible teachers by:

- Hosting a DTR Application Workshop for their School Feeder (notification via email)
- Support teachers via email with questions regarding the DTR Process (On-going)

Please see below for a complete list of 2019-2020 DTR Ambassadors by School Feeder:
